

Part 12: Create a Cup Coaster

Approximate Completion Time: 1 hour

Create a Cup Coaster

TASK AND PURPOSE:

To create a cup coaster that will be placed underneath customer's beverages.

OPTIONAL MATERIALS SUGGESTED:

Cardstock paper.

GETTING TO KNOW WHAT YOU'RE DESIGNING:

Cup coasters help protect tables from being scratched. They also offer an effective way to "brand" the name of a food establishment into the minds of its customers. Cup coasters also add a small touch of personalization to the atmosphere of a food establishment.

STRATEGIES AND DESIGN TIPS TO CONSIDER BEFORE CREATING YOUR CUP COASTER:

1. Experiment with various round borders to help frame in the contents of your coaster.
2. Because the coasters are round, consider using arched text.
3. Consider using a background pattern to add visual appeal to your cup coaster.
4. Use the document planning sheet to sketch a thumbnail design of your cup coaster on paper first.

CONTENT AND INFORMATION TO INCLUDE ON YOUR CUP COASTER:

1. Create a message that thanks customers for eating at Frillio's Pizza.
2. Include the Frillio's Pizza logo.
3. Add additional text or graphic images that will make the cup coasters look creative and professional.
4. Write your name, the document title, and "Part 12" on the back of the cup coaster.

Save the document as: Part 12 Cup Coaster

Optional Design-Defense Memo:

Type a letter of memorandum addressed to Joe Frillio explaining your design, placement, font selections, layout scheme, and choice of graphic image(s). Attach this memo to your final document.

CUP COASTER PAGE SETUP INSTRUCTIONS:

- # of pages:** 1
Dimensions: 8.5 x 11 inches
Margins: 1 inch on all sides
Orientation: Tall (Portrait)
Other: Create a perfect circle border measuring 5 inches in diameter. Place the contents of the cup coaster within this border. Use scissors to trim around the edges of the cup coaster border.
